1. Be not afraid of the new things with new peoples that I am doing now -- with **new ways me** now I come unto thee with new things -- be not afraid of them or anything else that I bring you unto now, and into me coming more than often, but now coming into me ALL the time, are you not there now? Or where you will be?

2. I love you all and I give you NEW THINGS ME speaking to you now that me is not afraid of me being anymore, me or anyone else, anywheres else or anythings of else's or others, but knowing this: I love you all and I give you new things me now. Amen.

3. This is a "one sentence message" not, but it is a "short one", not; or is it a NON-ENDING one that now I begin new things with and coming unto me new ways now ALL IS ABOLISHED that notme began in you for to establish his-you-yours "empire" within that which was "not me".
4. But all that has changed for you are me now and I am you and you are none other, else's or others, property -- but great properties I bring you now and you will see great properties be placed IN YOUR HAND and in captivity won't be any longer. They will be MINE in Freedomland and freeing my slaves who will be in captivity no longer, for I will free all the slaves that were slaves unto themselves and their thoughts. And coming out of "THEIR thoughts" now I will reign in captivity not as captivity does but in freedom as the freedomer who sets all free to be the real me in the new things I am doing here and there -- all I love you with a "new love", not; or do I? Or do you FEEL IT NOW in ways never imagined, and ENTERING ME ways be the new waves that I am establishing and heretofore unmentionable, not; but all that is me now is BRAND NEW in the new things that I am doing where you will never be disappointed again.

5. I love you all and I give you me -- new ways, new things and new peoples now I bring you all to, and from there and to here and seamless being WITH ALL -- I do. Love you all. Amen.

6. This is Theodore Cottingham in the van at 12:46 PM. Thank you.

Amen
